[PDF] ► Availability analysis of span-restorable mesh networks

M Clouqueur, WD Grover - IEEE Journal on Selected Areas in Communications, 2002 - reference.kfupm.edu.sa
 ... that a component will operate without any **failure** through the duration of a ... At a **threshold** value of H, the **theoretical minimum** of spare capacity is reached [11 ...

Cited by 146 - [Related articles](#) - [View as HTML](#) - [BL Direct](#) - [All 9 versions](#)

[PDF] ► Quantifying and managing the influence of maintenance actions on the survivability of mesh ...

WD Grover, M Clouqueur, T Bach - Proceedings of National Fiber Optic Engineers ... 2001 - matthieu.clouqueur.net

... other spans sustaining risk above some **threshold** of significance ... these paths from the new **failure** span. ... capacity design is at the **theoretical minimum** of spare ...

Restoration time in mesh networks

AY Alfakh, GW Atkinson, CL Janczewski, K ... - US Patent App. 10/673,056, 2003 - Google Patents

... receiving one or more demands for service in a **mesh network** comprising a ... reduction of a portion of restoration time associated with **failure**-related cross ...

Design of a meta-mesh of chain subnetworks: enhancing the attractiveness of mesh- ... -

► [uaiberta.ca](#) [PDF]

WD Grover, J Doucette - IEEE Journal on Selected Areas in Communications, 2002 - [ieeexplore.ieee.org](#)

... patterns of rerouting are permitted until at a **threshold** hop limit , the **theoretical minimum** of spare ... path set between the end-nodes of a **failure** span. ...

Cited by 35 - [Related articles](#) - [BL Direct](#) - [All 9 versions](#)

Design of a meta-mesh of chain sub-networks

WD Grover, J Doucette - US Patent App. 10/000,715, 2001 - Google Patents

... remain blind to the details of the **failure** and restoration ... re-routing are permitted until at a **threshold** hop limit H*, the **theoretical minimum** of spare ...
